Reasons for Allowance

1. This office action is made in response to applicant's amendment filed on 08/03/2005. Claims 1-26 and 38-88 are cancelled, and claims 27-37 are previously presented.
2. Applicant's argument, see page 12, filed 11/15/2004, with respect to claims 27-37 have been fully considered and are persuasive. The rejection of claims 27-37 has been withdrawn.
3. Claims 27-37 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:

The instant application is directed to a nonobviousness improvement over the invention described in Pat. No. 5,587,722 to Suzuki et al. The improvement comprises an active matrix liquid crystal display apparatus comprising "wherein the second voltage is near the data signal voltage." This patentable distinction is included and along with other limitations in independent claim 27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
